PROFESSIONAL SUMMARY

Innovative and detail-oriented Full Stack Web Developer with a Bachelor's degree in Computer Applications (BCA). Passionate about building **modern, responsive, and scalable web applications** from the ground up. Possesses a strong foundation in Frontend (**React.js**) and Backend (**Node.js, Express.js**) development, coupled with a keen eye for UI/UX design. Committed to writing **clean, maintainable code** and solving complex problems. Eager to leverage technical skills to deliver high-quality digital solutions for international clients as a reliable freelance partner.

TECHNICAL SKILLS

Frontend

HTML CSS JavaScript
React.js Responsive Design

Version Control

Git GitHub

Backend & DB

Node.js Express.js REST APIs
MySQL

Core Competencies

Clean Code Debugging
Problem Solving Performance

PROJECTS

1. Personal Portfolio Website

HTML · CSS · JS · Three.js

- Developed an immersive, interactive portfolio featuring **3D animations** and visual effects using Three.js to create a memorable user experience.
- Engineered a fully **responsive layout**, ensuring flawless performance across all devices (desktop, tablet, mobile).
- Optimized responsive design for better usability, accessibility, and overall performance
